A plea to Sina from a Muslim... Part 2

Islam has five fundamental pillars - Faith, Prayer, Charity, Fasting and Pilgrimage - without these you are not a Muslim. Now how does that translate into an evil faith I don't have the faintest idea!

There is nothing wrong in believing in anything you want. The devil is in the detail. How did Muhammad implement his cult? Wasn't it through raid, assassination, murder, genocide, rape, pillage, treason and deceit? Didn't he encourage violence and terrorism? Didn't he call upon Muslims to wage Jihad, kill and loot to expand his cult? That is evil.

Not everything Hitler said was evil either. I can quote many of his sayings that taken out of context don't sound bad. Take a look at these.

"No more than a hundred empty heads make one wise man, nor will an heroic decision arise from a hundred cowards."

"The doom of a nation can be averted only by a storm of flowing passion, but only those who are passionate themselves can arouse passion in others." - Adolf Hitler

Do you find anything wrong in them? It is only in the context of the entire words and deeds of Hitler that we can see the depth of depravity and evilness of that man. Muhammad also said things that on their own do not sound evil. It is in the context of his whole message, deeds and words that we can see how evil he was.

Other than the above, the details in which Sina and his simple Christian cronies get into are fabricated and twisted statements.

Can you make an example?

Sina do you think you are the first to question Islam and its rituals? There are many to name a few, Dr. Robert Morey, Dr. Anis Shorroush, Rev. Pat Robertson, Rev. Billy Graham, Prof. Sam Huntington, Prof. Daniel Pipes and many others. All these people have one think in common they all want to dehumanize Muslims present them as brute terrorists. Therefore if one of us is killed its ok, but when one of the other is killed it makes headlines.

Who said I am the first or the only one? Haven't you read my own site? There are hundreds who have written scholarly articles backed by proofs and say the same thing. In fact these criticisms are as old as Islam. From the Quran we learn that even the intelligent people of Quraish used to say the same things. Why Islam advanced and these voices of sanity did not? It is because they were brutally silenced. Zealotry wins. The average people just want to live their lives. They are not passionate about wars. That is why Islam won and others lost. The same will happen today if the people of the world do not wake up and become passionate to preserve their freedom. I want people to become passionate to fight back the

evil and arrest it before it is too late. I want to see millions of freedom loving people, feel the danger, become passionate about preserving their lives and their freedom and rise to fight Islamic expansionism with their pen. I want to see thousands of sites in all languages denouncing Islam fearlessly, thousands of books flooding the literary world exposing Islam and millions of patriotic and good people standing firm to condemn this curse threatening Mankind. We need people with passion. The the ex-Muslims in particular are passionate. I want to see their number grow. This war can be won only with passion and compassion and ex-Muslims have both of them. They can hate Islam intensely while they are capable of loving Muslims and no one can accuse them of being racists. If we want to avoid a real war where millions and even billions could perish we have to increase the number of ex-Muslims. This war must be fought on ideological grounds and ex-Muslims are the key. I hope you leave this insanity and join us too.

Sina what you are doing is nothing more then bigotry and racism.

Nonsense! Bigot is one who is strongly partial to one's own group, religion, race, or politics and is intolerant of those who differ. [Source: Dictionary.com] This is not how I can be described. I am for freedom of faith and freedom of thought. This is how Muslims can be described. Muslims are tribalists. They have divided the world into Darul Harb and Darul Islam and are extremely partial towards their own group, to the extent that a British second or third generation Muslim of Pakistani descent, would travel to Israel to blow up himself to support the cause of Palestinians. This is not his fight, but he takes the side of Muslims unhesitantly and makes it his war. This is bigotry. Muslims are the ones who are intolerant of other faiths and people. Impugning this bigotry is not bigotry. Denouncing intolerance is not intolerance. Furthermore Islam is not a race. We do not choose our race and discriminating against someone because of his or her race is sheer evil. But we choose what we believe. Evil doctrines should not be tolerated. We must not tolerate racism, fascism, sexism, or Nazism. Likewise Islam is an evil doctrine that should not be tolerated.
